CSS / HTML / Figma / Tailwind / TypeScript / MaterialUI / Sass / Postman / React / NextJS / Git /
JavaScript / Jest

PROFESSIONAL EXPERIENCE/CAREER

Front10

Frontend Developer

Feb 2023 — TODAY (2 months)

Front10 is an innovative company focused on frontend development and digital product engineering. My experience with Next.js allows me to collaborate on challenging projects and contribute to the growth and success of our client portfolio.

TECHNOLOGIES AND TOOLS

JavaScript / React / NextJS

Office of the Historian of Havana

Fullstack Developer at Documentary Heritage

Dec 2013 — Sep 2021 (7 yrs. and 10 months)

A developer, who is a member of a team that includes librarians, curators, archivists, and even a photo library, strives to address existing issues by employing technology and adhering to best programming practices, as this approach would empower executives to make crucial decisions.

TECHNOLOGIES AND TOOLS

Laravel / JavaScript / Vue / API

EDUCATION/DEGREES

Degrees

UCI

University of Informatic Sciences

Sep 2007 — Jul 2012 (4 yrs. and 11 months)
